

RUDI

Institute for Responsible Use **of Digital Intelligence**

Responsible AI Certificate & Program Training

RUDI: Responsible Use of Digital Intelligence

What is **RUDI**?

RUDI provides responsible AI training, implementation support, and workforce development programs. We've spent three years developing a comprehensive competency framework specifically for generative AI and its real-world applications.

100+ Hours of Developed Curriculum

Comprehensive content library covering AI fundamentals, practical applications, and leadership strategy

Modular & Customizable Delivery

Flexible training sessions (3-6 hours) that fit your schedule and organizational needs

Progressive Certification Pathways

Three levels: AI Literacy → Applied GenAI → AI Leadership, each building on the previous

Generative AI Technology Focus

Hands-on experience with ChatGPT, Claude, Gemini, and enterprise AI tools relevant to your industry

Competency-Based Framework

3-dimensional assessment model: Conceptual understanding, Operational skills, Governance & ethics

Industry-Specific Customization

Tailored use cases and examples for education, manufacturing, healthcare, professional services, and more

Three Core Dimensions

RUDI addresses AI literacy across three interconnected competency dimensions

Conceptual

Understanding AI fundamentals, architectures, capabilities, limitations, and societal impact

Operational

Practical skills for using AI tools, prompt engineering, and workflow integration

Governance

Risk management, ethical guidelines, compliance, and responsible AI deployment

State-Funded AI Training for Your Team

Through Ohio's TechCred program, your organization can receive reimbursement for employee AI training

Up to \$2,000 reimbursement per employee, per credential
Up to \$180,000 per organization per year

RUDI programs are pre-approved for TechCred reimbursement.
We assist with application and provide all required documentation.

Flexible Training Delivery

Session Formats

3-Hour Standard Workshop

Duration: Single 3-hour session or 2×1.5-hour sessions

Ideal for: Core AI literacy & practical skills

Best retention: Most effective learning duration

6-Hour Comprehensive

Duration: Two 3-hour sessions (consecutive weeks)

Ideal for: Certificate programs & deep skills

Includes: Assessment + practice + application

Professional Development Days

Duration: Half-day (3-4 hours)

Ideal for: Schools & education teams

Timing: Perfect for June/PD schedules

Delivery Options

In-Person

- Live demonstrations & hands-on practice
- Peer collaboration & networking
- Immediate Q&A with instructor

Virtual (Live)

- Eliminates travel costs & mileage
- Breakout rooms for group work
- Recording available for review

Hybrid

- Online assessment + in-person workshop
- Pre-work reduces session time
- Virtual follow-up sessions

All formats are TechCred-eligible and include complete documentation package

Flexible Pricing & TechCred Reimbursement

Pricing is customized based on cohort size, delivery format, and organizational needs.
All programs are designed to qualify for maximum TechCred reimbursement.

FOUNDATION

AI Literacy

Level 1

Core concepts, basic applications,
assessment & certification

INTERMEDIATE

Applied AI

Level 2

Hands-on practice, real tools,
workflow implementation

ADVANCED

AI Assistants, Agents & Workflows

Level 3

Custom AI systems, automation,
organizational integration

Maximize Your TechCred Reimbursement

\$2,000

Per Employee
Per Credential

\$30,000

Per Employer
Per Application

\$180,000

Maximum
Per Year

Separate applications = Multiple reimbursements per employee
Next confirmed window: November 3 - December 1, 2025

RUDI: Responsible Use of Digital Intelligence

Organization-Specific Delivery

Customized training aligned with your industry and goals

1

Pre-Training Survey

- Current AI usage assessment
- Skill gap analysis
- Department-specific needs
- Industry requirements

2

Curriculum Customization

- Select relevant business modules
- Adjust technical depth
- Include industry examples
- Align with company tools

3

Delivery Options

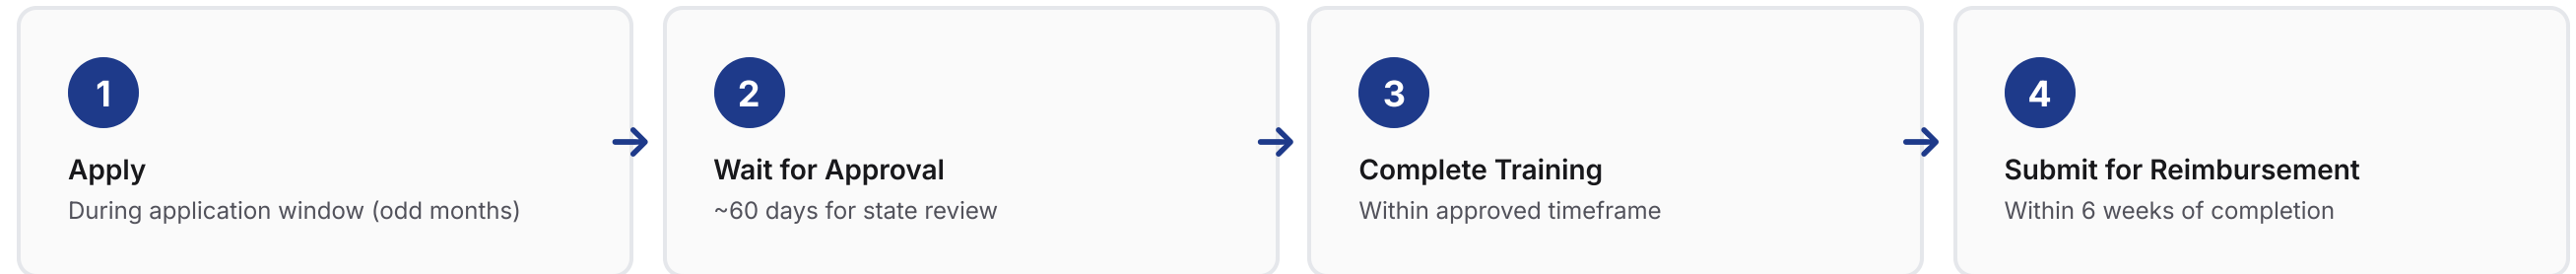

- Online (synchronous/asynchronous)
- Hybrid learning paths
- On-site intensive workshops

4

Post-Training Support

- 30-day implementation support
- Resource library access
- Quarterly curriculum updates
- Ongoing consultation

TechCred Timeline & Critical Deadlines

Next Confirmed Application Window

November 3 - December 1, 2025

Apply at TechCred.Ohio.Gov
Approvals typically announced ~60 days after window closes

2026 application windows have not been announced yet. Check TechCred.Ohio.Gov for updates.

⚠ CRITICAL: The 6-Week Deadline Cannot Be Missed

You must submit for reimbursement within 6 weeks of training completion.
Missing this deadline means no reimbursement. We send automated reminders to ensure you get paid.

For schools: June training delivery aligns best with summer schedules and fall reimbursement
